EDUCATION:

University of Denver, Denver, CO

Bachelor of Science in Computer Science, Minor in Creative Writing and Math

Overall GPA: 3.71

Relevant Coursework: Software Engineering, Human Computer Interaction, Computer Security, Network Security, Computer Graphics, Database Organization and Management, Programming Languages.

Relevant Projects:

Software Engineering Class Project – DU:

Group Member

- In a team of students, I worked to create PDF metadata software for DeNovo Solutions using Java, JavaScript, HTML, and CSS.
- Used Agile software development methodologies, conducted requirements elicitation meetings to determine a minimum viable product, created preliminary architecture diagrams, and participated in project sprints.
- Created project branches and merged finished code using GitLab version control software.

Computer Security Class Paper - DU:

Group Member

- As part of a group project, I reviewed the security structure of online payment systems used by websites from the user standpoint and gathered data for a paper, grading each website on 15 points of security.

Human Computer Interaction Class Project - DU:

Group Leader

- My team and I designed, prototyped, and tested multiple potential UI versions for the DiscoverU mental health app using Figma.
- We conducted user experience testing on multiple versions and reviewed data to determine the best one.

Database Organization and Management Projects - DU:

Independent Projects

- Constructed SQL databases on university servers and tested different forms of SQL searches over the tables on those databases.

TECHNICAL SKILLS:

- Fluent in C/C++/C#, Java/JavaScript, Haskell, and TypeScript
- Familiar with MongoDB, GLSL, Microsoft Visual Studio, the Unity Engine, 3D modeling software (Blender), SourceTree, Linux machines, Virtual machines, MySQL, Figma, HTML, and CSS
- Git: GitLab, GitHub
- Microsoft 365, Google Drive, Slack, Microsoft Teams
- Agile software development methodologies

PROFESSIONAL EXPERIENCE:

DU Discoveries Orientation, University of Denver, Denver, CO

Discoveries Orientation Leader

- Received training on how to lead group discussions and orient the students to the campus experience.
- As the leader of a group of students I led group activities, oriented students to campus life, assisted in connecting students to on campus resources, and ran field trips for the students.
- Facilitated seminars on alcohol awareness and sexual assault prevention.
- I led a weekend camping trip for new students and managed the boy's cabin at the DU James C. Kennedy Mountain Campus.

LEADERSHIP EXPERIENCE:

DU Dungeons and Dragons Club, University of Denver, Denver, CO

Member/Dungeon Master

- **Activity Planning & Organization:** Dedicated numerous hours to creatively plan and organize weekly sessions, ensuring a dynamic and engaging experience for all members.
- **Attendance Management:** Maintained meticulous records of student attendance, fostering a sense of commitment and community within the club.
